Rubicon Trail Foundation Property Access

I would like to announce that the Rubicon Trail Foundation and Rubicon Trail Partnership have finalized their agreement to access the Rubicon Trail Foundation's parcel of land. We have recorded with El Dorado County a Boundary Line Adjustment with Rubicon Trail Partnership which will give us two benefits: One is public access to our property, and two we will own a quarter mile of land underlying the most famous trail in the world, the Rubicon Trail. This will solidify our standing on the trail and help us greatly with our mission statement.

The Rubicon Trail Foundation would like to thank The Rubicon Trail Partnership for working with us to make this happen. There will be some great opportunities for public access to camp, explore and to enjoy the Rubicon Trail coming in 2017.

Stay tuned for more news about what the plan is to access the property. We will have an "Open House" after the snow melts. Follow us on [Facebook](#) and our [Property Page](#). We have already done hundreds of hours of volunteer work to prepare for access, but there is more work to be done. The master plan will be released soon, so please stay tuned.

Thank You

Rusty Folena
